      i. Parameters **(Page 6)**
      ii. Transition of Cancer and Substance Use
      iii. Leadership and Facilitation

4. **Member Announcements**

Next Meeting:
Thursday, July 28, 2022
1:00pm-2:30pm
Teams

Partnership for a Healthy Community Board
Meeting Minutes
May 24, 2022

Members Present:

Lisa Fuller	Amy Fox
Monica Hendrickson	Holly Bill
Hillary Aggertt	Kate Green
Larry Weinzimmer	Ann Campen
Adam Sturdavant	Beth Crider
Nicole Robertson	Tricia Larson

Others Present:

Amanda Smith	Amy Roberts
Phil Baer	

Approval of 04/28/2022 Meeting Minutes

Ms. Hendrickson made a motion to approve the meeting minutes from the April 28, 2022 meeting. Motion was seconded by Dr. Weinzimmer. Motion carried (12,0).

Board Business
Approval of 2023-2025 Health Priorities

Ms. Fox stated that the three top-ranked health priorities were Mental Health, Healthy Eating/Active Living, and Obesity. Ms. Hendrickson noted there would be heavy lifting for the improvement plan around HEAL and Obesity and their focuses. There would also need to be a focus conversation around Cancer and keeping it as performance management to continue the work. Dr. Weinzimmer made a motion to approve the 2023-2025 Health Priorities. Motion was seconded by Ms. Fuller. Motion carried (12,0).

Member Announcements

There were no Member Announcements.

PRIORITY ACTION TEAM PROGRESS REPORT: (MH/SU Committees)

Priority Area	MH/SU Committees
Chair or Co-Chair	Holly Bill, Tim Bromley

Description

Mental Health and Substance Use Committees continue to meet as one committee currently- every other month; action teams meet monthly and as needed. Steering committee meets monthly.

Recap of Current Month

Action teams are continuing to meet and make progress.
Meeting May 2022 reviewed each of the active action team's progress.
-**Mass Media Campaigns** picking back up; need more assistance on team; working with Trauma-Informed group to make sure messaging is TI
-**MHFA** group is continuing to train and increasing numbers; recently trained OSF group.
-**Suicide Prevention** meeting monthly and bringing more SP agencies to table at next meeting for further planning and gap filling
-**Trauma-informed Schools-** 12+ schools in pilot phase; award/recognition established; website in review stage on healthyhoi.org
-**Certified Peer Educator** picking up- 16 youth enrolled and training and expected to become certified; 6-8 new CPE trainers will be in the community after June training.
Next Meeting: Monday, May 25 @ 9:00 am – Microsoft Teams- Email co-chair to receive link to virtual meeting

Goals	Goals: Reduce substance use to protect the health, safety, and quality of life for tri-county residents; Improve mental health among tri-county residents through preventive strategies and increased access to services

Objectives: Please refer to data dashboards

Activities

What? (C= Completed, NP= In progress, NS= Not started)

Update PFHC website to include trauma-responsive resources for schools	IP
Determine award name for schools who earn trauma-responsive status	C
Update website to include MHFA opportunities	C
Update website to include trauma-informed trainings	IP
Reach out to Narcan group to have them present data to the MH/SU teams.	IP

Issues/challenges

Several areas have been paused or even eliminated:
-Everfi contract for Technology-Enhanced Classroom Instruction canceled; may be able to use TCHD grant efforts for GenRx program but only offered in TC
-Criminal Justice/Harm Reduction going, but not due to committee
-Integrated BH in clinic setting is always hospital-driven and not controllable by PFHC

PRIORITY ACTION TEAM PROGRESS REPORT: (Healthy Eating Active Living)

Partnership for a Healthy Community
healthyhoi.org

Priority Area	Healthy Eating Active Living (HEAL)
Chair or Co-Chair	Shanita Wallace

Description
Goal : To foster and promoted healthy eating and active living to reduce chronic disease and food insecurity in the tri-county area Objective 1: Reduce proportion of adults considered obese by 2% Objective 2: Reduce proportion of youth considered obese by 2 Objective 3: decrease food insecurity in populations by 1%

Recap of Current Month
Reviewed HEAL Data dashboard with 2021 Data points. Reviewed PFHC Media/Branding Policy Discussed Annual Meeting presentation Identified articles for next HEAL Team News HEAL identified HEAL FSP determined budgets for the current teams.

Plan for Upcoming Month
Attend PFHC Annual Meeting Draft HEAL Team News HEAL FSP will complete charters Workgroups (Nutrition Education, School age youth, Outreach, and Built environments) will finalize their workplans.

June 17, 2022

Chairwoman Debra Savage
Illinois Health Facilities and Services Review Board
525 West Jefferson Street, 2nd Floor
Springfield, Illinois 62761

Re: Letter of Support for Child and Adolescent Behavioral Health Campus - Project No. 22-017

Dear Chairwoman Savage and Members:

The Partnership for a Healthy Community (PFHC) is a community-driven partnership of public and private partners working together to address priority health issues in Peoria, Tazewell and Woodford Counties in Illinois. PFHC serves as the local health improvement partnership for Peoria, Tazewell and Woodford Counties. Through partnership, procedure and operation, the PFHC addresses priority health areas identified by the most current cycle of the local health improvement process. Priority health issues are assessed at least every 5 years as part of a full community health improvement process.

In both the current improvement cycle and the upcoming cycle, beginning in January of 2023, Mental Health has been identified as a priority health issue in the Tri-County.

Through correlational analysis younger people were found to have higher levels of Depression, Stress and Anxiety across the Tri- County region.

Investment in services in behavioral health for adolescents is clearly a need. We are proud of the investment that UnityPoint Health is making in child and adolescent behavioral health and of their recent purchase and planned renovation of the Heddington Oaks property. This investment will build the infrastructure to address the gaps and unmet needs of young people while keeping services for families close to home.

Thank you in advance for your consideration of this project and request. Please feel free to contact us should you have any questions or need additional information.

Sincerely,

Amy Fox
Co-Chair

Nutrition Security

https://www.usda.gov/nutrition-security

The White House has provided the following five pillars below define the scope of the White House Conference on Hunger, Nutrition, and Health. They're meant to help identify actions that can be taken by all parts of society — including the Federal government; local, state, territory, and Tribal governments; nonprofit and community groups; and private companies.

1. **Improve food access and affordability**: End hunger by making it easier for everyone — including urban, suburban, rural, and Tribal communities — to access and afford food. For example, expand eligibility for and increase participation in food assistance programs and improve transportation to places where food is available.
2. **Integrate nutrition and health**: Prioritize the role of nutrition and food security in overall health, including disease prevention and management, and ensure that our healthcare system addresses the nutrition needs of all people.
3. **Empower all consumers to make and have access to healthy choices**: Foster environments that enable all people to easily make informed healthy choices, increase access to healthy food, encourage healthy workplace and school policies, and invest in public messaging and education campaigns that are culturally appropriate and resonate with specific communities.
4. **Support physical activity for all**: Make it easier for people to be more physically active (in part by ensuring that everyone has access to safe places to be active), increase awareness of the benefits of physical activity, and conduct research on and measure physical activity.
5. **Enhance nutrition and food security research**: Improve nutrition metrics, data collection, and research to inform nutrition and food security policy, particularly on issues of equity, access, and disparities.
